SUMMARY

AV and production tech with years of live-service experience: ran the soundboard and mics, slides and projectors, and cameras and livestream for weekly Sunday services from 2015 to 2019. Sound engineer and music producer since 2015, film student at Cal State Fullerton, and Air Force trained in testing and fault-isolating electronic systems. 2+ years at Apple solving tech problems on the spot, often for several customers at once.

SKILLS

AV equipment: soundboards and audio mixers, microphones, speakers, audio recorders, projectors and large displays, cameras, livestream setups
Live production: sound checks, live mixing, slide and projector operation, camera and livestream operation
Setup and troubleshooting: equipment checks, cabling, signal flow basics, fault isolation, written procedures
Audio and video software: FL Studio, Logic Pro, Premiere Pro, Final Cut Pro, DaVinci Resolve, TouchDesigner
Electronics and tech: soldering, circuitry, diagnostics, calibration; Mac, Windows PCs, iPhone, iPad, Android

AV AND PRODUCTION EXPERIENCE

Church AV Volunteer | Weekly Sunday services 2015 – 2019

- Ran the soundboard and mics with sound checks, slides on the projector and screens, and cameras and livestream for weekly services.

Sound Engineer and Music Producer | Independent 2015 – Present

- Produce, sample, mix, and design sound in FL Studio and Logic Pro across 20+ projects.

Film and Video Projects | Cal State Fullerton and personal work Ongoing

- Set up and run cameras and audio on shoots; edit and color in Premiere Pro, Final Cut Pro, and DaVinci Resolve.

WORK EXPERIENCE

Specialist, Product Zone | Apple, Del Amo Fashion Center, Torrance, CA Aug 2024 – Present

- Troubleshoot iPhone, iPad, Mac, and Apple Watch on the spot: setup, migrations, account and software issues.
- Stay calm under pressure, supporting several customers at once through peak hours and product launches.
- Go-to teammate for setup, tech help, and tough customers; asked by leaders to train new hires.

Nutrition Ambassador | Kaiser Permanente Apr 2024 – Aug 2024

- Kept several patient and guest meal orders moving on a fixed delivery clock, each checked against physician diet orders.

Electronic Systems Technician | U.S. Air Force Mar 2022 – Nov 2022

- Maintained, calibrated, and tested electronic systems on aerospace hardware, including guidance and control subsystems, following written technical procedures.
- Ran step-by-step fault isolation on automated and manual test, launch control, and support equipment.

Retail and Customer Service | Costco, Foot Locker, Walmart, Bed Bath & Beyond, FedEx Ground 2020 – 2023

- Loaded, unloaded, and sorted packages at FedEx Ground; covered registers, returns, stocking, and the sales floor at Costco, Foot Locker, Walmart, and Bed Bath & Beyond.

Engineering Intern | Boeing Jun 2018 – Aug 2018

- Managed part-delivery data in Excel and drafted technical documents under confidentiality rules.

EDUCATION

B.A., Cinema and Television Arts (in progress) | California State University, Fullerton Expected 2028

A.A., Arts and Humanities | Compton College

Mechanical Engineering Certificate (dual enrollment) | El Camino College 2019
